Attachment 1

Financial Requirement Responses

The Applicant submitted a 10-K report of NUI Corporation, which was submitted to the SEC. Please explain why the Income Tax Benefit under Discontinued Operations on the Consolidated Statement of Income is negatively noted.

Because tax benefits reduce the amount of the total loss from discontinued operations. This is basic financial statement presentation.

Please explain why Funds for Construction Held by Trustee, Other Investments, and Assets Held for Sale are not included in the Assets Totals for 2001 and 2002 on the Consolidated Balance Sheet.

These are included in the total assets for both years. Each of those amounts need to be added to the subtotals for Current Assets, Property, Plant and Equipment and Other Assets to arrive at the Total Assets. It would not be possible to arrive at the totals without them.
